

**STANDARD CUP CHAIN**

(AKA Skip Tooth)

**-4**

This chain has a cup tooth on every other link.

**Where to use it**

This chain is most effective in loamy soil - soil that is packable into clods. It is also more effective in clay or "gumbo" soil that is sticky and clings to the chain. The space between the cups allows the soil to let go instead of running around with the chain as a slurry which prevents effective digging.

**DOUBLE CUP CHAIN****-4C**

This chain has a cup tooth on every link.

**Where to use it**

This chain is best for sand and dry, loose soil that has a tendency to fall back into the trench. The extra cups provide for better clean-out.

**COMBO/SHARK CHAIN****-4MS**

This chain has an alternating pattern of cup and Shark teeth.

**Where to use it.**

Use this chain in pretty much the same conditions as the standard combo chain. Although not as aggressive, the Shark teeth last longer and do not fall off. This is our most popular chain.

**SHARK CHAIN****-4S**

The teeth on this chain are all Shark teeth that are welded onto the chain. Replacement teeth are not available for this chain.

**Where to use it.**

This chain can be used in the most adverse soils. It is good in rocky soil, "cliché", limestone, hard-pan and any other hard to dig soils. It does not clean out well in sandy or dry, loose loamy soil. This is not the fastest but it is the most durable chain available. It is not uncommon for the teeth to outlast the chain rollers. When the rollers wear out, the complete chain must be replaced.

**BOLT-ON SHARK CHAIN****-4SB**

This chain utilizes a standard chain blank and has Shark teeth that are bolted to the chain blank.

**Where to use it.**

This chain is good in all the conditions described for the Shark chain. The advantage is the teeth can be removed when the chain wears out and can be used on a new blank. It is not uncommon for the teeth to last through two chains.

**NOTE: ON FULL SIZE TRENCHERS, ALL CHAINS ARE AVAILABLE IN 6" WIDTHS AS WELL.**

ESTIMATED SHIPPING WEIGHT: 95 LBS
